Summary

Frontend Developer and Software Engineering student with strong experience in building responsive and user-friendly web applications using HTML, CSS, and JavaScript. Skilled in UI/UX design using Figma and deploying applications using Docker and Microsoft Azure. Experienced in API integration, modern web design, and performance optimization through real-world projects.

Technical Skills

- **Frontend:** HTML, CSS, JavaScript, React.js
- **UI/UX Design:** Figma, Responsive Design, Wireframing
- **Tools:** Git, GitHub, Docker
- **Cloud Deployment:** Microsoft Azure (App Services, Container Apps)
- **Programming:** Java, C++, SQL
- **Databases:** MySQL, SQLite

Experience

Frontend Development Fellow

Aug 2025 – Nov 2025

Buildables

- Developed responsive and interactive web interfaces focusing on UI/UX and performance.
- Translated design concepts into functional frontend applications.
- Collaborated using GitHub workflows in team-based environments.
- Applied modern frontend best practices in real-world projects.

Azure Cloud Fellow

Jun 2024 – Sep 2024

Bytewise Limited, Islamabad

- Achieved Top Performer status in Azure Cloud Fellowship.
- Deployed web applications using Azure App Services and Virtual Machines.
- Gained experience in cloud deployment and hosting frontend applications.

Projects

E-Commerce Website (Frontend + Azure Deployment)

- Built a responsive e-commerce website using HTML, CSS, and JavaScript.
- Designed clean and user-friendly UI for product display and interaction.
- Containerized application using Docker and deployed on Microsoft Azure.
- Optimized layout for mobile and desktop devices.

Recipe Finder Web App (API Integration)

- Developed a dynamic web application using JavaScript and REST APIs.
- Integrated external API to fetch and display recipes in real-time.
- Designed responsive UI with smooth user interaction.
- Dockerized and deployed on Azure with CI/CD pipeline.

Portfolio Website

- Built a personal portfolio using HTML, CSS, and JavaScript.
- Implemented animations, dark/light mode, and responsive design.
- Showcased projects, skills, and contact information.

Education

Bachelor of Engineering in Software Engineering

2023 – 2027

Mehran University of Engineering & Technology, Khairpur

Certifications & Achievements

- Microsoft Learn Student Ambassador (Beta)
- Frontend Fellowship – Buildables
- Azure Cloud Fellowship – Bytewise Limited
- Foundations of Project Management – Coursera (Google)

Leadership

- Co-Lead, Microsoft Learn Student Ambassador (MLSA) – MUET Khairpur
- Organized sessions on web development, Azure, and modern technologies
